

FUNNY OLD METHODS

Will Our Children Think Our Ways as Strange as We Think Our Forefathers?

A CHANCE FOR IMPROVEMENT STILL IN MANY THINGS.

Perfection Has Been Reached in Many Others.

Suppose you were obliged to go to New York. Wouldn't it seem strange to you to get into an old-fashioned, musty-smelling, jolting stagecoach? It was not so many years ago that people had to travel that way.

Think of the inconveniences—think of the hardships, even, they were obliged to suffer; and think of the time consumed. We doubt whether these experiences tended to lengthen their lives.

It is just so with hundreds of other things. A great improvement is announced. We marvel at it for a few days, and then accept it as a matter of course. Now, if it is necessary to go to some distant city, we are made as comfortable, if not more so, than though we remained right in our homes, and a few hours brings us, without fatigue, to our destination. There is not a man living who would prefer the old way, after he has experienced the delights of modern methods.

But it is not in travel alone that improvement has been made. There are many other things much more vital to the ultimate good of man than easier methods of going from place to place, and nothing, probably, will illustrate this better than the much talked of Vinol—for in Vinol we see what has formerly been a necessity, attended with the most disagreeable features, transformed into what is really a luxury.

In Vinol we have the elements of what has been the greatest medicine known to man for the cure of wasting diseases of every description, namely, cod liver oil; but in Vinol we have none of the objectionable features that attended cod liver oil.

As the Brock & McComas Co. of our city, who have connected themselves with the Boston firm of chemists producing these goods, will tell you, and as many other druggists in town would endorse them, Vinol is the essence of all that is good in cod liver oil. Vinol is not a patent medicine—hence its popularity with physicians as well as the public. The manner of producing Vinol is a new discovery. It is the result of a special process by which the curative and medicinal elements are extracted from the liver of the live cod, leaving behind the fat and grease.

Just the right proportions needed of this extract is dissolved in a delicate table wine, and so today, in the line of medicine, all who have found it necessary to take cod liver oil may do away with all the disagreeable features of the old way, discarding the horrible grease which may be likened to the lumbering and unhealthful vehicle of travel of the past, and take instead, as Mr. Brock, of the Brock & McComas Co. himself, in speaking of the matter, described it, "the elegant and modern vestibuled train" of medicine, finding in Vinol the elements so much needed to restore health, entirely disguised and much more rapid and efficient in the manner that they operate, than could have been expected in the old and cumbersome way in which this valuable remedy was formerly taken.

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, OCT. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmine Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the warning sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.
